

HEADQUARTERS, DEPARTMENT OF THE ARMY
Washington, DC

TM 9-SERIES

**TECHNICAL MANUAL: OPERATOR / CREW MAINTENANCE &
WEAPONS REPAIR**

Edge Brain Mesh Node: EQUIPMENT & WEAPONS REPAIR BRAIN

DISTRIBUTION: Approved for public release; distribution is unlimited.

Section 1. TC 3-22.9, Immediate Action (SPORTS)

Weapon stoppage. Perform immediate action - SPORTS. Slap the bottom of the magazine to seat it. Pull the charging handle to the rear. Observe for an ejected round and chamber. Release the charging handle to chamber a fresh round. Tap the forward assist. Squeeze the trigger to fire.

Section 2. TM 9-1005-313, M240 Stoppage

M240 stoppage. Pull and lock the charging handle to the rear and place the weapon on safe. Open the feed tray cover and inspect for a ruptured cartridge or a broken link. Clear the chamber, reload a fresh belt, close the cover, and resume firing. For a runaway gun, break the belt to stop feeding.

Section 3. TM 9-2320, PMCS

Vehicle no-start. Run before-operation PMCS. Check the battery connections are tight and not corroded, confirm the fuel shutoff is open and there is fuel, and verify the master switch is on. If the engine cranks but will not start, prime the fuel system and bleed air from the fuel filter.
